You will give us this information so we can carry out and be satisfied we have complied with all Know your Customer or other similar checks required under all applicable Law.

5 Term

The term of this Agreement shall commence upon receipt by you of the Access Codes provided by us and shall continue for so long as you are authorised to use the Account, subject to any earlier termination in accordance with these Terms.

6 Access Codes and Security

6.1 You shall ensure the Access Codes that we provide and the password that you create are used only by you. You shall keep the Access Codes confidential. Without prejudice to the foregoing, you shall promptly notify us as soon as you become aware of (or ought reasonably to have become aware of) or suspect that any Access Codes have been lost, stolen, misappropriated, used without authorisation or otherwise compromised. You must contact us immediately by using the internal ticket system on the Platform or by email to support@dsx.uk.

6.2 Upon receipt of such notice from you, or if we believe that any person or entity is:

- (a) improperly using the Account or your Access Codes;
- (b) otherwise breaching the Account's security;
- (c) using the Account or the Access Codes without due authority; or
- (d) using the Platform in a manner that is not in the best interests of the users of the Platform generally,

we shall have the right (but not the obligation), in our sole discretion, to terminate access to the Platform through your Access Codes and/or take any action as we consider necessary or desirable in our sole discretion to prevent such person or entity from accessing or using the Platform until such time as (in our sole discretion) such relevant circumstance is no longer continuing and will no longer continue. You shall take all measures which are reasonable under the circumstances to rectify such breach, use, unauthorised use, or misuse (whether or not requested by us) including immediately ceasing to access or use the Platform.

6.3 Where reasonably possible, we will notify you by email, telephone or SMS using the latest contact details you have supplied to us, before we stop you using your Access Codes, to tell you that we intend to do so and why. If we cannot contact you before we stop the use of the Access Codes, we will do so immediately afterwards, unless we are prevented from doing so by Law or if it would adversely affect our reasonable security measures. We will either reinstate the Access Codes as soon as practicable after the reasons for stopping its use have ceased or, at that time, issue you with replacement Access Codes to use. You can contact us using the

internal ticket system on the Platform or by email to support@dsx.uk to request that we allow you to use the Access Codes again.

- 6.4 You acknowledge and agree that you shall be fully liable for all Orders and Transactions entered using the Platform under your Access Codes save as otherwise set out in these Terms.

7 Fees

7.1 Payment Services Fees

- 7.1.1 The Fees Schedule sets out the fees you must pay to fund your Account, to make payments from it and for its other usage. The fees in the Fees Schedule include any applicable value added tax.

- 7.1.2 We deduct any conversion charges and fees for paying Funds into your Account from the amount you want to pay in. This means the amount we credit may be less than the amount you transfer to us.

- 7.1.3 In respect of any payments or transfers we carry out for you once you have paid Funds into your Account or acquired them via the Platform:

(a) when you instruct us to make a transfer of Funds we will transfer the full amount you instruct us to transfer and deduct any fees from the balance on the Account. If there is insufficient E-Money or Cryptocurrency in the Account to make the payment/transfer and pay any fees related to it, we will not make the payment/transfer and will not deduct the fee. We will tell you that we have not made the payment/transfer and why;

(b) we can deduct our charges from an Electronic Payment/Cryptocurrency transfer received into your Account, if the full amount of the Electronic Payment/Cryptocurrency transfer and the charges are clear in the information we give you about the payment/transfer; and

(c) if you:

(i) do not notify us in accordance with Clause 17 of these General Terms, where to transfer your then existing balance when you close your Account (and in the case of E-Money only if we continue to hold the balance more than one year after you close your Account), or

(ii) your Account is inactive for more than 12 months,

then we shall charge a monthly fee for administering your account as set out in our list of charges in the Fees Schedule.

- 7.1.4 We do not have to provide any service at the wrong (lower) price shown in error on the Fees Schedule, if the pricing error is obvious and clear and could have reasonably been recognised as an error.

- 7.1.5 Save as required by any applicable Law, we have no obligation whatsoever to any taxation or similar authority in respect of any taxation or other similar duty or levy payable in relation to your Account. It is your obligation to pay all taxation, duties and levies that are payable by it in respect of your Account and the payments and transfers you instruct us to carry out.

7.2 Trading Services fees

You shall pay us such fees, charges and commissions as mentioned in this Clause and the Fees Schedule. You shall be solely responsible for all taxes, levies or charges imposed by any governmental authority of any kind whatsoever with respect to your trading and/or the Fees paid or owing by you with respect to the Spot Transactions executed through the Platform.

- (a) You will not incur a spread charge with us.
- (b) The charges we make are as follows:
 - (i) **Commission.** When you enter into a Spot Transaction (or if we cancel an Order or a Spot Transaction in accordance with our rights under this Agreement), you will pay to us a commission equal to a percentage of the Spot Transaction price you pay or receive (if you are the seller, the commission will be in the base currency of the Spot Transaction and if you are the buyer, the commission will be in the trade currency of the Spot Transaction). Our commission rates applicable from time to time are available on the Platform. We reserve the right to charge a minimum commission for any Spot Transaction.
 - (A) We may from time to time share a proportion of the commission we charge you with third parties, including, without limitation, persons or firms we appoint to effect introductions of potential clients to us. Further details of such arrangements are available from us upon request.
 - (B) The rates that we charge are subject to change. We shall notify you of any changes to the rates by making changes on the Platform as soon as reasonably practicable, or, if you benefit from a bespoke package, by notifying you directly. Any changes to the rates will be effective immediately and will apply on any open Orders, as well as to any future Orders.
 - (C) We shall debit your Account with the commission payable by you upon you entering into a Spot Transaction.
 - (ii) **Financing Charges.** Financing charges may apply to your Spot Transactions. An explanation as to the circumstances when such financing charges may arise is set out in the Trading Manual. If applicable, these charges will result in a debit or credit being made to your Account at the time the charge becomes effective. For example, you may be charged a fee for paying and withdrawing Funds to and from your Account.
 - (iii) **Data feed charge.** We reserve the right to levy a reasonable charge to reflect our costs in making real time prices available to you on your Account if you repeatedly access your Account over an extended period without placing any Orders or executing any Spot Transactions.

8 Your right to cancel

- 8.1 If you are a Consumer, you have a legal right to cancel the Agreement up to 14 days after we open your Account, without charge – this 14 day period is known as the **Cooling-Off Period**. Contact us by email set out in Clause 17 of these General Terms if you wish to do so. Your E-

Money will be refunded within 3 to 5 Business Days to a bank account in your name designated by you after we have carried out any necessary checks (e.g. for anti-money laundering reasons).

We may do so for any or all of the following reasons:

- (a) full or partial Platform failure, including failure of any of the technology constituting the Platform or any of the communications links within the Platform or between the Platform and any other person, entity or counterparty, or any other circumstance where we consider in our reasonable discretion that it is not practicable for us to provide the Platform;

10.4 When you give us termination notice you will not be entitled to a refund of any Transactions you have made or of any fees or costs that you may have incurred on the Account, which are then due and payable by you. We may deduct these fees from the balance on your Account. We will close your Account after all amounts have been paid by you or deducted by us. 19 Confidentiality

You agree that you will hold all Confidential Information in strict confidence and not disclose, either in written or verbal form, to any person or entity unless required by Law. The duties in this Clause do not apply to Confidential Information that is: (i) lawfully within your possession prior to entering into this Agreement; (ii) voluntarily disclosed to you by a third party so long as that party does not breach any obligation not to reveal such information; (iii) voluntarily disclosed to the public by us or (iv) already generally known to the public.

20 Assignment

- 20.1 Your obligations under this Agreement are personal to you. You shall not assign this Agreement in any manner without our prior written consent, and any purported assignment in contravention of this Clause shall be null and void.

- 20.2 This Agreement, including all authorisations, shall inure to our benefit and that of our successors and assigns, whether by merger, consolidation, or otherwise. We may assign or transfer our rights or obligations under this Agreement, either in whole or in part, to anyone if they:

The parties may, unless expressly stated otherwise, amend, vary or terminate these Terms in such a way as may affect any rights or benefits of any third party technology provider which are directly enforceable against the parties under the Contracts (Rights of Third Parties) Act 1999 without the consent of such affiliate or third party technology provider.

23 No waiver

A waiver of any term, provision or condition of, or consent granted under, these Terms shall be effective only if given in writing and signed by the waiving or consenting party and then only in the instance and for the purpose for which it is given. No failure or delay on our part in exercising any right, power or privilege under these Terms shall operate as a waiver thereof, nor shall any single or partial exercise of any such right, power or privilege preclude any other or further exercise thereof or the exercise of any other right, power or privilege. The rights and remedies herein provided are cumulative with and not exclusive of any rights or remedies provided by Law.

24 Governing law and jurisdiction

These Terms (and any dispute, controversy, proceedings or claim of whatever nature arising out of or in any way relating to these Terms or its formation, termination or performance including any non-contractual obligations arising out of or in relation to these Terms) shall be governed by and construed in accordance with English law. Each party to these Terms irrevocably agrees that the courts of England shall have exclusive jurisdiction to hear and decide any suit, action or proceedings, and/or to settle any disputes, which may arise out of or in any way relate to these Terms or its formation, termination or performance and, for these purposes, each party irrevocably submits to the jurisdiction of the courts of England.

Schedule A. Payment Services Terms

1 Funding your Account

1.1 Payment Services relating to your Account are administered by us for all Cryptocurrency related transactions. For all fiat currency transactions, transactions may be administered by a third party or bank regulated to do so in the UK. Your Account can be funded from multiple sources (as specified on the Platform) and multiple currencies (as specified on the Platform), and from which Funds can be used to buy and sell Cryptocurrencies and make related fee and commission payments and transfers to bank accounts in your name and (subject to availability as published on the Platform), or be transferred to other DSX customer accounts and accounts of third parties. When you send us monetary value for payment into your Account in a currency other than € or US\$ or such other currencies as we specify on the Platform, we will convert that amount into € or US\$ or such other currencies upon receiving them at the conversion rates provided by our bank and over which we have no control. Therefore you should only send us € or US\$ or such other currencies as we specify on the Platform arranging your own currency conversion as necessary if you wish to know conversion and commission rates in advance. Transfers out of the Account to other accounts in your name and (if applicable) accounts of third parties can be made only in € or US\$ or such other currencies as we specify on the Platform.

1.2 You can fund your Account with Funds in the ways set out in the Funding Channels List. To set up your Account with us you must place in your Account E-Money in an Approved Currency designated by you. Thereafter, subject to your trading activity, the Account is capable of holding multiple currencies (fiat and Cryptocurrency).

1.3 You can:

- (a) make Payment Transactions in Approved Currencies that are different to those you hold at that time in your Account; and
- (b) receive payments in any Funding Currencies.

To make a Payment Transaction in a currency that is different to the currency you hold in your Account you must agree to convert Funds into that different Approved Currency before you make the Payment Transaction. Please see the terms on converting to an Approved Currency at Clause 1.7 below of this Schedule A Payment Services Terms.

1.4 Our records show the amount of each of our customers' Funds in their Account. We will tell you the account number for your Account. You will need to use your Access Codes in order to check the balance on your Account via the Platform.

1.5 We may refuse to accept Funds you want to transfer to your Account:

- (a) until we have completed our Know your Customer requirements; or
- (b) if we have any other legal or regulatory obligation to decline to accept the Funds; or
- (c) if such a receipt of Funds would breach this Agreement.

1.6 Funds you want to transfer to your Account must be in a Funding Currency and be in a form, and come from a source specified on the Funding Channels List.

- 1.7 E-Money can only be held in your Account in an Approved Currency. If we receive E-Money from you which you want to pay into your Account in a Funding Currency that is not an Approved Currency, our bank will immediately following receipt of that payment convert it from the Funding Currency into the Approved Currency indicated by you or to Euros € as the default before we pay it into your Account. The conversion rate will be the rate used by our bank over which we have no control. Therefore you should only send us an Approved Currency arranging your own currency conversion as necessary if you wish to know conversion rates in advance. When you wish to make a Payment Transaction from your Account this must be in an Approved Currency. If you make a Payment Transaction in an Approved Currency other than that of your Account, the Platform will show you the live conversion rate for the Approved Currency you have chosen and it will ask you to consent to this before the conversion is carried out. When you receive Funds, we deduct and keep any fees you have agreed to pay and credit the balance (net of any bank conversion rate referred to above) onto your Account. You are then able to make a payment from your Account in the usual way.
- 1.8 We will keep reasonable records of the Funds you hold in your Account and of your Transactions using your Account.
- 1.9 Once we have credited Funds to your Account, they will be refunded to you only as set out in Clause 10 of these General Terms and the Refund Policy.

2 Payment Services

- 2.1 You may:
- (a) receive electronic monetary value into your Account by making transfers to it in accordance with this Agreement from your other payment accounts or by transferring E-Money from your E-Money accounts or e-wallets to your Account. You can do this from your bank account(s) or from e-wallets. However, we may increase the Account functionality in this regard, so please check the Platform and the Funding Channels List for details;
 - (b) tell us to make Electronic Payments from your Account to other recipients that accept E-Money. This includes other payment and E-Money accounts of yours (i.e. your bank account(s) and e-wallets). If applicable, as published on the Platform, you may also be able to make such payments to such accounts of third parties, as and when the Account functionality is available as published on the Platform);
 - (c) receive Cryptocurrencies (as specified on the Platform) into your Account from your other Cryptocurrency accounts and other third party accounts;
 - (d) tell us to make payments of Cryptocurrencies (as specified on the Platform) from your Account to other recipients that accept Cryptocurrencies. This means other Cryptocurrency accounts of yours. If applicable, as published on the Platform, you may also be able to make such payments to such accounts of third parties, as and when the Account functionality is available as published on the Platform).
- 2.2 You may only tell us to transfer E-Money or Cryptocurrencies from the balance available in your Account. There is no overdraft facility available on the Account. So you must check the Account balance to make sure you have enough E-Money or Cryptocurrency in your Account to make the Payment Transaction and to pay the costs we charge you for doing so before you tell us to

make a payment. You may access details of the available E-Money and Cryptocurrency you hold in your Account via the Platform.

- 2.3 When you make an Electronic Payment from your Account, we will provide you with the following information:
- (a) how long it will take us to make the payment. For Euro Electronic Payments within the EEA this will be by close of business on the Business Day following the day when your instructions were received. For other Electronic Payments we will tell you the longest time we expect it to take us to do this which may be up to 7 Business Days unless it involves a currency of an EEA member state and is to be executed wholly within the EEA when it may take us no longer than the end of the fourth Business Day following the time of receipt of your payment instructions;
 - (b) any charges you pay to make the payment; and
 - (c) where applicable, a breakdown of the amounts that make up this charge.
- 2.4 As soon as reasonably practicable after we have made a Payment Transaction from your Account we will supply you with:
- (a) a reference to identify the payment and payee;
 - (b) the amount in the currency in which we made the payment from your Account; and
 - (c) the charges you pay to make the payment with a breakdown of the amounts we charged, if applicable.
- 2.5 As soon as reasonably practicable after we receive a payment into your Account we will supply you with:
- (a) a reference so you can identify the payment and payer and any information that was transferred with the payment;
 - (b) the amount of the payment which we credit into your Account; and
 - (c) the charges you pay to receive the payment with a breakdown of the amount charged, if applicable.
- 2.6 We will always make payments in an Approved Currency from, or receive payments in a Funding Currency into, your Account. Where a payment is not in an Approved Currency we will convert the amount into that other currency before the payment leaves your Account or our bank will convert the payment to be received by you into an Approved Currency before we pay it to your Account in accordance with paragraph 1.7 of this Schedule A Payment Services Terms. We will always tell you the exchange rate and any conversion charges we will use, and obtain your consent, before we convert the currency.
- 2.7 If an Electronic Payment you make or receive into your Account does not involve any currency conversion then:
- (a) where you make a Payment Transaction, you will pay our charges (if any) and the recipient pays any charges imposed on it by its service provider; and
 - (b) where you are the recipient, you will pay our charges (if any) and the person paying you will pay its service provider's charges.

- 2.8 We will consider any instruction for a payment to be authorised by you once you have given us consent to carry it out. You consent to making a payment by following the on-screen prompts when using the Platform. Once we have received confirmation of your payment instruction ordinarily you cannot withdraw it unless we agree or unless the payment instruction is to make a payment on a specified future date. If we make this function available on the Platform, and you instruct us to carry out a payment on a specific day, then we treat the time of receipt of the instruction as being on that specified day. For payments on a specified future date, unless you are a Corporate user, you can revoke the payment instruction up until the end of the Business Day preceding the day that you instructed us to make the payment on unless we agree to revoke it later. For Corporate users, to revoke a payment on a specified future date, we have to specifically agree to this. Our charges for revocation of a payment instruction are set out in the Fees Schedule.
- 2.9 We may limit the value and/or the number of transfers of Funds you instruct us to make into or out of your Account. We may change such limits from time to time, on written notice posted to the Platform.
- 2.10 You acknowledge that funds received into your Account may be reversed. You agree that we may reverse a Payment Transaction if the payer or the payer's bank or payment service provider has charged back or otherwise reversed (or is reasonably likely to chargeback or otherwise reverse) a payment which was used to fund the payment to you. We may also reverse a payment made into your Account if it was erroneously made due to an error. Before reversing the payment, we may restrict your access to your Account whilst the reverse is effected.

3 Your obligations

- 3.1 When using the Platform, you must:
- (a) comply with the instructions for use on the Platform and in any operational or user documentation that we may make available to you;
 - (b) check that the instructions you give us to make a payment are accurate and correct;
 - (c) only use the Platform for the purposes listed in your application to use the Platform;
 - (d) only use the Platform for your own purposes, and not for the purposes of any third party;
 - (e) not use the Platform in connection with any industry or activity set out in our prohibited activity list, which we may notify to you from time to time;
 - (f) not use the Platform in any unlawful way or for money laundering, tax evasion or for any other unlawful purpose;
 - (g) answer any question we reasonably ask in connection with your use of the Platform, including without limitation any question we may ask in order to validate a Payment Transaction, the identity of the payer or recipient or the reason for the Payment Transaction;
 - (h) comply with any obligations you may have under applicable law or regulation to pay and report all taxes payable by you on any Funds paid into your Account to the applicable authorities;

- (i) not attempt to access any information held in the Platform without our authorisation; and
- (j) not introduce any viruses or harmful code to the Platform.

3.2 You must pay for any costs or losses we suffer as a result of claims anyone else brings against us arising from any:

- (a) failure by you to comply with paragraph 4.1 of this Schedule A Payment Services Terms; and/or
- (b) inaccuracy in:
 - (i) any information you give us (including Know your Customer information); or
 - (ii) use of the Platform;

4 Unauthorised use of the Payment Services

4.1 You must:

- (a) treat the Funds held in your Account as carefully as you would treat cash in your wallet; and
- (b) from the time you receive them, take all reasonable steps to keep all your Access Codes safe and secure. To avoid your Access Codes being used by someone else you must treat them as confidential, so you must not disclose them to anyone else and you must not keep a written record of them which identifies them and how to use them. You must use your Access Codes in accordance with the instructions we give to you when we issue them to you and after that in relation to how we expect you to keep them and use them.

4.2 Use of the Payment Services by someone other than you may mean you lose some or all of the E-Money or Cryptocurrencies credited to your Account.

5 Liability for unauthorised Electronic Payments

5.1 If you believe that:

- (a) any Electronic Payment your Account was used for was:
 - (i) not authorised by you; or
 - (ii) incorrectly posted to or from your Account; or
 - (iii) not carried out correctly by us; or
- (b) we are liable for any charges as a result of not carrying out your instruction or carrying it out incorrectly,

then you must notify us without delay as soon as you become aware of it, but not later than 13 months (or if you are a Corporate user, not later than 5 Business Days) after the date of the unauthorised or incorrectly carried out Electronic Payment.

Unless you are a Corporate user, if we failed to provide you with information about an Electronic Payment as we are required to do (see paragraph 3.4 and 3.6 above of this Schedule A Payment Services Terms) then you are entitled to redress as set out in paragraph 6.3, 7.4 and 7.5 below of this Schedule A Payment Services Terms even if you failed to notify us as set out above.

- 5.2 If you deny that you authorised an Electronic Payment we carried out or if you claim we carried out an Electronic Payment incorrectly, unless you are a Corporate user, it is for us to prove that it was authorised or carried out correctly. Where you deny authorising an Electronic Payment we carried out, unless you are a Corporate user, the use of your Access Codes is not sufficient to prove either that you did authorise it or that you acted fraudulently or failed to comply with the requirements in Clause 5 above of this Schedule A Payment Services Terms with respect to safekeeping of your Access Codes.
- 5.3 Provided that: (a) you have notified us of an unauthorised or incorrect Electronic Payment as required by paragraph 6.1 above of this Schedule A Payment Services Terms; and (b) if you are a Consumer, Micro-enterprise or Charity we cannot show that an Electronic Payment was authorised by you, or correctly carried out by us, as required by paragraph 6.2 above of this Schedule A Payment Services Terms; and (c) if you are a Corporate user, you can reasonably satisfy us that an Electronic Payment was not authorised by you or not correctly carried out by us; then we will refund the amount of the unauthorised Electronic Payment to your Account. We will, where applicable, restore the Account to the state it would have been in, if the unauthorised Electronic Payment had not taken place.
- 5.4 Unless we are satisfied that an Electronic Payment out of the Account was not authorised by you, you are responsible for all transactions that take place prior to when you tell us you suspect any Access Codes have been lost, stolen, misappropriated, used without authorisation or otherwise compromised.
- 5.5 Unless you are a Corporate user (in which case your liability is not limited) you must pay up to a maximum amount of £35 for any losses we suffer from an unauthorised Electronic Payment due to the use of lost or stolen Access Codes.
- 5.6 You must pay for all losses resulting from an unauthorised Electronic Payment where you acted fraudulently or intended or negligently failed to safeguard the Access Codes or did not notify us without delay in the way required in paragraph 6.1 of this Schedule A Payment Services Terms, when you became aware they were lost, stolen or used without your authorisation.
- 5.7 Unless you acted fraudulently, you are not liable for any losses resulting from an unauthorised Electronic Payment:
- (a) after you notify us as required in paragraph 6.1 of this Schedule A, Payment Services Terms;
 - (b) if you could not notify us because we failed to provide you with the means at all times to tell us about Access Codes that have been lost, stolen, misappropriated, used without authorisation, or otherwise compromised; or
 - (c) (unless you are a Corporate user) where you used the Account to buy goods or services at a distance, unless the law says you are liable for the loss.

6 Liability for incorrect payments

- 6.1 If we provide you with an Identifier and we and all the other service providers involved in making the payment carry out your instructions in accordance with the Identifier, then we are entitled to consider it was carried out correctly.
- 6.2 If you give us an incorrect Identifier, then we are not responsible for failing to carry the payment out or for carrying it out. We will make reasonable efforts to recover the E-Money. We may charge you a fee as set out in the Fees Schedule for doing this.
- 6.3 Please note that even if you give us information additional to the Identifier or to the information we asked for to make the payment, we are only responsible for carrying out the payment in accordance with the Identifier.
- 6.4 This paragraph 7.4 does not apply if you are a Corporate user unless we agree to apply it. If you ask us to make an Electronic Payment, we are responsible for carrying it out and for doing so correctly unless we can demonstrate to you and, if relevant, the recipient's service provider, that the recipient received the payment. If you request it, we will try to trace the Electronic Payment. We will tell you the outcome of this. If the Electronic Payment was not carried out or it was carried out incorrectly, and we are responsible for this, we will refund the amount paid out and, where necessary, make any adjustments to the Account to restore it to how it would have been if the defective Electronic Payment had not taken place. We are not so responsible, however, if we refuse to make the Electronic Payment in the way set out in paragraph 9 below of this Schedule A Payment Services Terms.
- 6.5 This paragraph 7.5 does not apply if you are a Corporate user unless we agree to apply it. We are responsible for any charges or interest you are required to pay as a result of us not carrying out your instructions to make Electronic Payment or doing so incorrectly.

7 When do we receive your instructions to make payments?

- 7.1 Unless there is a problem with the Platform, we will ordinarily receive your payment instruction at the time you confirm it. The on-screen prompts in the Platform will tell you how to confirm the Payment Transaction. If the payment instruction is to pay another account operated through our Platform (such as DSX's own account), we action it at the time we receive your instruction. If it is an instruction for a payment to a payment account operated by another service provider, then we will accept your instruction at the time you confirm it, but the time at which we will make the payment depends on the timeframe for doing so and the business hours of the other service provider – see paragraph 3.4(a) of this Schedule A Payment Services Terms for further details.

8 What happens if we refuse to carry out an instruction you give?

- 8.1 If we refuse to carry out an instruction we will tell you (unless it would be unlawful for us to do so) by displaying a message on the Platform at the time we refuse to make the payment, and, if possible, we will tell you why. Where it is possible to rectify the reason for our refusal we will tell you how to remedy the issue.
- 8.2 We will treat a payment instruction which we refuse as not having been received by us, and this Agreement will therefore not apply to them.
- 8.3 We may not refuse to carry out your instruction if the Agreement has been satisfied, unless it is unlawful to carry out your instructions.

9 When are payments into your Account available for you to use?

- 9.1 Electronic Payment into your Account will be available for you to use on the same Business Day as we receive it.

10 Communicating with each other and changes to your contact details and account information

- 10.1 You must notify us by email or through the Platform as soon as possible of any changes to your name, postal address, telephone and email address so that our records are accurate, complete and up to date.
- 10.2 We will not be liable for any losses arising out of your failure to update us of any changes to your details.
- 10.3 We may ask you at any time to confirm the accuracy of your information or to provide documents or other evidence to do so.
- 10.4 We will communicate with you primarily by email or by posting information to the Platform. It is your responsibility to ensure that you are able to receive and send emails, and have the required access to the Platform. We may also communicate with you by post and telephone.
- 10.5 You can communicate with us using any of the ways for contacting us in the Notices clause in the General Terms and by using the Platform.

11 General

- 11.1 Except if you are a Consumer, a Micro-Enterprise or a Charity, you agree with us that where applicable Part 5 and Regulations 54(1), 55(3) and (4), 60, 62 to 64, 67 and 75 to 77 of the Payment Services Regulations are dis-applied.
- 11.2 Except if you are a Consumer, a Micro-Enterprise or a Charity, you agree with us that where applicable for the purposes of Regulation 59(1) of the Payment Services Regulations different time periods as set out in this Agreement shall apply.
- 11.3 Any delay or failure by us to exercise any right or remedy under this Agreement is not to be considered a waiver of that right or remedy and it will not stop us from exercising it at any subsequent time.

You are responsible for safeguarding your Account and all your current Access Codes relating to its use, until your Account has been closed, and all money due to us under this Agreement.

Schedule B. Trading Services Terms

1 Use of the Platform

- 1.1 Your access to, and your use of, the Platform is expressly subject to your compliance with:
- (a) these Terms; and
 - (b) the Platform Policies and Procedures. The Platform Policies and Procedures are available to you, at any time through the Platform. We shall have the right, at any time, to amend the provisions of the Platform Policies and Procedures upon five (5) days prior notice to you; provided, however, that any amendment to the Platform Policies and Procedures may be made effective immediately, where appropriate in our absolute discretion:
 - (i) to permit the Platform and/or us to comply with Law; or
 - (ii) to facilitate the continued and proper operation of the Platform without performance interruption or degradation.
- 1.2 You agree that you will not submit any Order or enter into any Spot Transaction through the Platform unless you have in place arrangements pursuant to which such Order or Spot Transaction can be performed, including but not limited to having sufficient Funds in your Account.
- 1.3 Subject to your compliance with this Agreement, you are granted a limited, revocable, non-exclusive, non-transferable licence to access and use the Platform during the term of this Agreement for purposes set out in, and in a manner consistent with, this Agreement.
- 1.4 You shall not alter, modify or manipulate the in any way the Data or any part of the Data. You shall not use any of the Data for any purpose other than in connection with trading through the Platform. You also shall not publish or redistribute any of the Data, or otherwise directly or indirectly provide any third party with access to any of the Data (or any data or information derived from the Data). In this paragraph **Data** means all data and other information accessible from or generated by or through the Platform and/or otherwise provided to you by us hereunder, including, without limitation, information regarding bids, offers, pricing, spread, trading volume, block trades and liquidity.
- 1.5 You acknowledge and agree that the Spot Transactions you enter into through the Platform will be with us where we will engage in transactions in currency before, after or simultaneously with your entry of an Order or a Spot Transaction at different prices from those provided through the Platform.
- 1.6 You acknowledge and agree that the Spot Transactions you execute through the Platform will be subject to the Fee.
- 1.7 Dealings with you will be carried out by us on an execution-only basis. We will not give you investment advice on any aspect of your trading with us. We are not under any obligation to ensure your trading with us is suitable or to monitor or inform you as to the performance of any Order. You trade entirely at your own risk.
- 1.8 You will place Orders and enter into Spot Transactions on the Platform and transact with us as principal and not as agent for any person and you will be directly and personally responsible for performing your obligations under this Agreement, whether you are dealing with us directly

or through an agent. Notwithstanding any assertion that you act in connection with or on behalf of any other person, we will not accept that person as a client of Ours and we will accept no obligation or liability to them.

- 1.9 We will not provide you with any tax advice. You will be responsible at all times for the payment of all taxes due as a result of your trading with us and for providing any relevant tax authority with any information that is requested from you.
- 1.10 We reserve the right to require you to pay to us, or to reimburse us for, stamp duty or any other amounts which become payable as a result of any changes in the law which directly affect your trading with us and you hereby irrevocably authorise us to debit your Account for such amounts due and payable to us from time to time.
- 1.11 It is brought to your attention that you may be subject to taxes and costs that are not imposed by us or paid via us. It is your responsibility to ensure the payment of all taxes as they fall due.

2 Trading

- 2.1 You may submit an Order online via the Platform. We shall not accept and shall not be under any obligation to execute any Order submitted other than by these means. The Platform will be open for trading 24 hours a day other than in cases of emergency, suspension or for planned maintenance work (the **Trading Hours**). Outside the Trading Hours, the Platform may not be accessed by you, no Orders may be placed and no Spot Transaction will take place.
- 2.2 Where you have placed a buy Order and you subsequently place a sell Order in respect of the same Currency Pair (where the base currency on one Order is the same as the trading currency in the other):
 - (a) where the buy Order is a limit order and the sell Order is a market order we will cancel the amount of any unfilled sell Order when the market price reaches the limit of the buy Order;
 - (b) where the buy Order is a market order and the sell Order is a limit order we will cancel the amount of any unfilled buy Order when the market price reaches the limit of the sell Order.
- 2.3 Where you have placed a sell Order and you subsequently place a buy Order in respect of the same Currency Pair (where the base currency on one Order is the same as the trading currency in the other):
 - (a) where the sell Order is a limit order and the buy Order is a market order we will cancel the amount of any unfilled buy Order when the market price reaches the limit of the sell Order;
 - (b) where the sell Order is a market order and the buy Order is a limit order we will cancel the amount of any unfilled sell Order when the market price reaches the limit of the buy Order.
- 2.4 We shall not accept or execute an Order submitted by you unless your Account contains sufficient Funds to cover the Order that you wish to place and you are not otherwise in breach of this Agreement.

- 2.5 Subject to paragraph 2.6 of this Schedule B Trading Services Terms, upon receipt and acceptance of your Order, we shall place in our name an identical order on the Platform (**Our Back to Back Order**).
- 2.6 The prices on which you can trade with us will be the prices we obtain on the Platform for the Currency Pair that you wish to trade. In some circumstances, we may in our sole discretion obtain prices from brokers or other crossing networks and multilateral trading facilities that provide prices for relevant Currency Pairs (**Third Party Sources**).
- 2.7 Our Back to Back Order submitted to the Platform will mirror the Order that we have received from you. We cannot guarantee that our Back to Back Order will be matched or filled in full on the Platform. Our ability to complete a Spot Transaction on your Account is dependent on our ability to execute our Back to Back Order on the Platform or obtain a price and match from a Third Party Source. It is only when our Back to Back Order is matched or fully filled on the Platform or from a Third Party Source that your Order will be executed. Factors such as the quantity of your Order and liquidity available in the Currency Pair you wish to trade will impact whether our Back to Back Order can be executed. We shall confirm the details of each Order we receive and accept from you on the Platform. You may cancel any part of your Order so long as the corresponding part of our Back to Back Order that relates to the part of the Order you wish to cancel has not been matched or filled on the Platform or from a Third Party Source. Once our Back to Back Order has been filled in full then you cannot cancel your Order.
- 2.8 Upon our Back to Back Order being matched or filled in whole or in part on the Platform, this will give rise to a Back to Back Transaction in our name on the Platform (**Our Back to Back Transaction**). Upon our Back to Back Transaction being confirmed on the Platform, we shall enter this transaction in your Account at the same price and in the same size as our Back to Back Transaction.
- 2.9 However, if we obtain a price from a Third Party Source, we shall enter into a trade with a third party offering that price (which shall also be a **Back to Back Transaction** for the purposes of this Agreement), and once we have done so, your Order will be executed and entered in your Account at the same price and in the same size as our Back to Back Transaction.
- 2.10 The price of your Order will be the price at which our Back to Back Transaction has been opened in whole or part on the Platform or with the Third Party Source (the **Opening Price**). our Back to Back Orders may result in a number of Back to Back Transactions being executed to fill your Order in whole or in part. Where multiple Back to Back Transactions are executed to fill our Back to Back Order, we will open multiple Orders with you to fill your Order and the Opening Price for each such trade may be different.
- 2.11 The price at which your Order transacts will be the price at which the Back to Back Transaction has been closed in whole or part on the Platform, or using a Third Party Source (the **Closing Price**). If our Back to Back Transaction is closed in tranches you will receive the price that we receive from the Platform or from a Third Party Source for that part of our Back to Back Transaction that is closed. It may therefore be the case that you receive multiple prices to complete a Spot Transaction.
- 2.12 Each Spot Transaction on your Account will be binding on you notwithstanding that by submitting an Order you may have exceeded any limit applicable to your trading with us.
- 2.13 Your attention is drawn to our rights to suspend the Platform, correct errors or cancel any of your working Orders if your breach any of your obligations under this Agreement or the Platform Policies and Procedures.

3 Funding required

3.1 In order for us to accept an opening Order from you, your Available to Trade Balance will be required to contain sufficient resources to cover the settlement required for the Order that you wish to place (the **Funding Required**).

- (a) The Funding Required to place an buy Market Order (in base currency) is calculated by multiplying
 - (i) the amount of trade currency requested by
 - (ii) the maximum required (to collect specified volume) price on the order book shown in base currency.
- (b) The Funding Required to place an buy Limit Order (in base currency) is calculated by multiplying
 - (i) the amount of trade currency requested by
 - (ii) the specified price in base currency.
- (c) The Funding Required to place an sell Market Order (in trade currency) is calculated by multiplying:
 - (i) the amount of trade currency offered by
 - (ii) the maximum required (to collect specified volume) price on the order book shown in base currency.
- (d) The Funding Required to place an sell Limit Order (in trade currency) is calculated by multiplying:
 - (i) the amount of trade currency offered by
 - (ii) the specified price in base currency.

3.2 Whilst an Order is open, the Funding Required will be calculated by multiplying

- (a) the amount of one currency requested by
- (b) the prevailing bid price shown (**buy trades**) or ask price shown (**sell trades**) to complete that Spot Transaction. The Funding Required is not a fixed figure and will move in step with the prevailing bid and ask prices shown to complete the Spot Transaction.

3.3 Please note that all open Orders will impact your Available to Trade Balance based not on the total open Orders but the remainder of the open Orders.

3.4 In this Clause **Available to Trade Balance** means the sum of:

- (a) your Account balance in the relevant base currency including Cryptocurrencies;
- (b) minus the aggregate Funds required for your open or working buy Orders in the same currency as the relevant base currency;

- (c) minus the aggregate Funds required for your open and working sell Orders in the same currency as the relevant trading currency; and
- (d) minus any fees or other amounts due and payable by you to us.

4 Market abuse

4.1 You represent and warrant to us that:

- (a) you will not submit an Order in connection with:
 - (i) a placing, issue, distribution or other analogous event; or
 - (ii) offer, take-over, merger or other analogous event,
in which you are involved or otherwise interested;
- (b) you will not submit and have not submitted an Order that contravenes any applicable primary or secondary legislation or other Law against insider dealing, market manipulation, market conduct or any behaviour deemed to be market abuse under, inter alia, Market Abuse Directive (2003/6/EC);
- (c) you will not enter any Order or into any Spot Transaction to deliberately transfer money from one account to another by attempting to match Orders or trades with another customer through collusion;
- (d) you will not submit any Order that is artificial or fictitious or place an Order that is designed to give other users of the Platform a false or misleading impression as to the supply or demand, value or price of a currency;
- (e) you will not act or engage in any conduct which is likely to damage the fairness, integrity, proper functioning or orderliness of the Platform;
- (f) you will abide by and comply with the rules of the Platform as amended from time to time (the **Rules**) which shall, for the avoidance of doubt include this Agreement.

4.2 You agree that each of the representations and warranties set out in Clause 13 of the General Terms shall be deemed repeated each time you submit an Order and enter into a Spot Transaction. You must advise us immediately if you cannot give such representations and warranties at any time.

4.3 If:

- (a) you submit an Order or enter into a Spot Transaction in breach of the representations and warranties given in Clause 13 of the General Terms, or
- (b) we have reasonable grounds for suspecting that you have done so,

we may in their absolute discretion and without being under any obligation to inform you of their reason for doing so, cancel that Order or Spot Transaction and any other Orders you may have open at that time and prevent you from submitting further Orders on your Account.

4.4 We may, and in some cases we are obliged to, report to the FCA or other relevant Government Authority details of any Order submitted by you or Spot Transaction entered into by you.

- 4.5 The exercise of any of our rights under this Clause shall not affect any of our other rights under this Agreement.

5 Control of the Platform

You acknowledge and accept that we shall have sole discretion and absolute control over, and the right to modify at any time, the Platform's functionality, configuration, appearance and content, including: (i) the parameters and protocols by which Orders and Spot Transactions are placed, routed, matched or otherwise processed by the Platform; and (ii) the availability of the Platform to you or any Counterparty or with respect to particular Currency Pairs or Spot Transactions at any particular places, times or locations.

6 Transmission of information

In connection with your use of the Platform, the operation of the Platform (including the matching of Orders submitted to the Platform by you and the formation of Spot Transactions with respect thereto) shall be based on

- (a) all Orders, commands and other information submitted using your Access Codes, in the form in which such information is received by the Platform; and
- (b) Spot Transaction confirmations sent to you through the Platform reflecting Spot Transactions based on information submitted using your Access Codes, in the form in which such confirmations are sent out through the Platform; in each case regardless of whether or not
 - (i) such Orders, commands or other input information were authorised by you;
 - (ii) such information was altered or corrupted (electronically or otherwise) prior to being matched through the Platform; or
 - (iii) such Spot Transaction confirmations were altered or corrupted (electronically or otherwise) after being transmitted. Other than information made generally available to all users of the Platform, you shall have access through the Platform only to information about the Spot Transactions that you execute using the Platform and your pending Orders. You acknowledge that we shall not have any duty to verify whether any information submitted to the Platform using your Access Codes was authorised by you. You agree that we shall not be responsible for (nor have any liability in respect of) any loss, corruption or modification of information submitted to or sent by or through the Platform, except in the event of gross negligence or wilful misconduct by us or any DSX Party with respect thereto.

7 Spot Transaction confirmations

Spot Transactions entered into through the Platform will be confirmed through the Platform as soon as practicable after the Spot Transaction is entered into. Such Spot Transaction confirmations will be conclusive for all purposes absent Manifest Error.

8 Errors and cancellations

- 8.1 We shall correct any error that may occur in their trading relationship with you that is obvious or easily demonstrable without extensive investigation (a **Manifest Error**). Upon us being advised by the Platform that a Manifest Error has occurred in relation to our Back to Back Order

or our Back to Back Transaction that affects an Order or a Spot Transaction belonging to you, we shall take steps to correct that Order or Spot Transaction by adjusting it to the level that we reasonably determine is the level at which the Order or Spot Transaction would have been submitted or completed had the Manifest Error not occurred. In all other respects we shall upon identifying a Manifest Error make the correction that we reasonably determine to be fair and reasonable.

8.2 In the absence of our fraud or negligence by a DSX Party, we will not be liable to you for any loss, cost, claim, demand or expense following a Manifest Error.

8.3 We may cancel any Spot Transaction with you if:

- (a) our Back to Back Trade is cancelled by the Platform,
- (b) if the Back to Back Trade we entered into with a Third Party Source is terminated, cancelled, or voided for any reason. If this occurs, we may reverse the relevant Spot Transaction and no payments shall be due to or from us in relation to it. As such, any payments made by way of commission, interest, borrowing charges, Funding Required or otherwise in relation to that Spot Transaction shall be refunded to you promptly and any amounts credited to your Account or paid to you in relation to that Spot Transaction shall be debited by us or repaid to us by you immediately as the case may be.

9 Risk of transactions

You acknowledge that you have been informed and that you understand and agree that:

- (a) none of us, the DSX Parties nor any third party bank or technology providers shall, directly or indirectly, be a party to any Spot Transaction or be responsible for, have any liability or obligation in respect of, or otherwise guarantee, the performance or settlement of any Spot Transaction entered into by you through the Platform, and no DSX Party or third party bank or technology provider shall have any liability to you or any other person or entity for any Spot Transaction executed through the Platform;
- (b) We may receive fees from one or more third parties in respect of Spot Transactions executed through the Platform; and (iii) the submitting or posting of any information to, on or through the Platform by any DSX Party or any other person or entity shall not be deemed to be a recommendation by any such person or entity that you should enter into any particular transaction or that any particular transaction is suitable or appropriate for you.

10 No advice

NO ADVICE. NONE OF THE DSX PARTIES NOR ANY THIRD PARTY BANK OR PROVIDERS RECOMMENDS, ENDORSES, ADVOCATES OR SPONSORS ANY OF THE CURRENCIES, CURRENCY PAIRS OR SPOT TRANSACTIONS APPEARING ON, OR MADE THROUGH, THE PLATFORM. YOU ACKNOWLEDGE THE SUBSTANTIAL RISKS ASSOCIATED WITH FOREIGN EXCHANGE AND CRYPTOCURRENCY MARKETS AND TRADING TRANSACTIONS. DSX IS NOT AUTHORISED OR REGULATED BY THE FINANCIAL CONDUCT AUTHORITY AND DOES NOT GIVE FINANCIAL, TAX, EMPLOYMENT, LEGAL OR INVESTMENT ADVICE. ANY PRICE INFORMATION, QUOTES, FORECASTS, RETURN ESTIMATES OR INDICATIONS OF PAST PERFORMANCE ARE FOR INFORMATION PURPOSES ONLY AND DO NOT GUARANTEE FUTURE PERFORMANCE AND DO NOT CONSTITUTE AN OFFER TO BUY OR SELL OR ANY SOLICITATION OF AN OFFER TO BUY OR SELL ANY CURRENCIES, CURRENCY PAIRS

OR OTHER PROPERTY, NOR TO ENTER INTO ANY CURRENCY TRANSACTION. YOU AGREE THAT THE PLATFORM SHALL NOT SERVE AS THE PRIMARY BASIS FOR ANY DECISION TO ENTER INTO ANY TRANSACTION AND NONE OF THE DSX PARTIES SHALL BE, OR BE DEEMED TO BE, YOUR FINANCIAL ADVISOR OR FIDUCIARY. YOU HEREBY ACKNOWLEDGE THAT ANY RELIANCE UPON ANY DATA OR OTHER CONTENT OF THE PLATFORM SHALL BE AT YOUR SOLE AND EXCLUSIVE RISK.

11 Indemnification

11.1 You agree to defend, hold harmless and hereby indemnify us and each DSX Party from and against any loss, damage, cost, claim, proceeding, penalty, fine or expense, including legal fees, incurred by or suffered by any DSX Party which arises out of, or relates to, directly or indirectly:

- (a) your use of the Platform,
- (b) your failure to fully and timely perform any of your obligations hereunder, including your non-performance with respect to any Spot Transaction or Order;
- (c) any of your representations or warranties made hereunder being, at any time, untrue or incorrect and
- (d) any use (whether or not authorised by you) of the Platform by any person or entity pursuant to an Access Code provided to you.

11.2 We agrees to defend, hold harmless and hereby indemnifies you from and against all damages finally awarded against you and all costs (including reasonable attorneys fees and disbursements) in respect of any claim, suit or proceeding (a **Claim**) brought by a person or entity, other than an affiliate of you to the extent that it is based on a claim that your use of the Platform, when used properly for the purposes set out in, and in accordance with this Agreement, infringes any copyright, patent or trade mark of such person or entity, provided always that:

- (a) you are not in breach of this Agreement or the Platform Policies and Procedures
- (b) you give us full control of any Claim and the authority to settle or otherwise dispose of any such Claim, and to appeal any adverse judgment which may be entered; and
- (c) you make no admission regarding, or seek to agree to settle, the Claim without our prior written consent. The indemnity in this Clause shall not apply to any Claim which arises or results from:
 - (i) any misuse of the Platform by, or on behalf of, you;
 - (ii) any alteration of the Platform by, or on behalf of, you, provided that no infringement would have occurred absent such alteration;
 - (iii) use of the Platform by, or on behalf of, you in combination with apparatus, hardware, software or services not provided, authorised or furnished by us, provided that no infringement would have occurred absent such combination;
 - (iv) use of the Platform by, or on behalf of you, you in a manner that violates this Agreement, the Platform Policies and Procedures or in a manner for which the Platform was neither designed or contemplated. You shall promptly notify us in writing of any Claim in which DSX may have obligations under this

Clause, provided, however, that your failure to provide prompt written notice hereunder shall excuse us only to the extent that it is prejudiced thereby. You shall act in accordance with our reasonable instructions and give us and the DSX Parties such assistance as they shall reasonably request (at our cost and expense) in respect of the conduct of the defence and/or settlement of such Claim including, without prejudice to the generality of the foregoing, the filing of all court documentation and other court process and the provision of all relevant documents and information. Following receipt of notice of a Claim, we may, but are not obliged to (A) modify or replace the Platform (or any part of it) to make it non-infringing; or (B) procure any rights from any person or entity necessary for you to continue to access and use the Platform without it infringing and, in either case, the foregoing shall be in full satisfaction of its obligations pursuant to this Clause. If we (in our reasonable judgement) are unable to exercise any of the options at (A) or (B) above, either party hereto shall be entitled to terminate this Agreement with immediate effect on written notice to the other.

Schedule C. DSX Trading Manual

This part contains the DSX Trading Manual (**Manual**).

The Manual is intended to be read alongside the Terms and the other Platform Policies and Procedures. Unless separately defined in this part, words and expressions have the meanings given to them in parts A and B of the Terms. This Manual cannot and does not attempt to explain all of the information that is relevant to DSX's Trading Service.

1 What DSX offer

- 1.1 DSX provide direct access to prices on Currency Pairs being offered on the Platform. You transact with DSX as principal (not as agent) on your behalf on the prices DSX obtain on the Platform.
- 1.2 DSX process each order you place with DSX by placing an identical order (Back to Back Order) on the Platform (or, in some circumstances, on other FX and/or Cryptocurrency trading platforms). Upon a Back to Back Order being matched on the Platform or filled on another FX and/or Cryptocurrency trading platform, DSX shall close a transaction on the Platform (Back to Back Trade). A transaction will take place on your Account at the same price and in the same size as the Back to Back Trade. This is in essence how DSX's Trading Service operates.
- 1.3 The prices on the Platform are constantly changing and DSX do not guarantee that the price you see when placing an order will be the price at which your trade is executed.
- 1.4 In exceptional circumstances, including where no trusted price is available on the Platform, DSX may obtain prices from third party sources in order to facilitate fair and orderly trading. In such circumstances, relevant references in this Manual to prices on or obtained from the Platform should be read as referring to the prices obtained from third party sources. If DSX obtain a price from a third party source, DSX shall enter into a trade with a third party offering that price (which shall also be known as a Back to Back Trade for the purposes of this Manual), and once DSX have done so, your Order will be executed and a Spot Transaction will take place on your account at the same price and in the same size as the Back to Back Trade.

2 Ways to trade with DSX

- 2.1 DSX offer an online Trading Service. To access your online Account you must first sign in to the Platform using your Access Codes. If you need a reminder of either of these then please get in touch with DSX Support during DSX's business hours and a member of the team will be able to help.
- 2.2 It is important to note that DSX carry out routine maintenance on the Platform each day and from time to time. DSX's service may be unavailable during these times.

3 Placing Orders & Trades

- 3.1 To enter into a Spot Transaction on the Platform, you must first have an Order accepted by DSX. You may submit an Order online via the Platform.
- 3.2 DSX are under no obligation to accept an Order from you. However, DSX shall normally do so if you have sufficient resources in your Account to support the order you wish DSX to accept at the time it is submitted.

Some factors that may impact your Orders and Trades

- 3.3 Order execution is not certain and will depend on liquidity available.
 - 3.3.1 The Back to Back Order submitted to the Platform will mirror the Order that DSX have accepted from you. DSX cannot guarantee that the Back to Back Order will be matched or filled on the Platform. DSX's ability to enter into a Spot Transaction on your account using DSX prices is dependent on DSX's ability to execute the Back to Back Order on the Platform or obtain a price from a third party source. It is only when the Back to Back Order is matched or filled on the Platform or DSX are able to obtain a reasonable price from a third party source that a transaction will take place on your Account. Factors such as the quantity of your Order and liquidity available in the Currency Pair you wish to trade will impact whether the Back to Back Order can be executed. It may therefore not be possible for a Spot Transaction to take place on your Account immediately.
 - 3.3.2 If DSX are unable to execute all or part of the Back to Back Order as there is insufficient liquidity on the Platform, DSX will endeavour to execute one or more Back to Back Orders using a third party price source, and if that is also not possible, the following will apply:
 - (a) In the case of Limit Orders DSX have accepted from you, the remaining quantity will stay on the order book until it is filled.
 - (b) In the case of Market Orders DSX have accepted from you, the part of the Order that did not execute would be cancelled.
- 3.4 All Orders are dealt with on the basis of price and time priority.
 - 3.4.1 The Platform will take liquidity from the top of the order book for any Market Orders that you place in order to get the best price available for the size of the Order at the time it is placed. This can result in the price you receive being better or worse than the quoted price on the Platform at the time your Market Order is placed with DSX.
 - 3.4.2 For Limit Orders this means that a Limit Order is placed on the Platform order book by the price specified with the oldest Orders taking a higher priority at each price. This can result in the Back to Back Order not being matched or filled immediately, or at all, even though the instrument may have traded at your specified price as the older and higher priority Orders were executed first.
 - 3.4.3 The Platform will match or fill the Back to Back Orders on the basis of price and time priority.
- 3.5 One Order can result in a number of trades being executed on your Account.
 - 3.5.1 An Order placed with DSX can result in a number of Spot Transactions on your Account to fill all or part of your Order. Each trade can be filled at different prices.
 - 3.5.2 Where your opening Order is matched or filled by multiple trades you will be able to view the volume weighted average price for your transactions.
- 3.6 Times that Orders can be set on your Account are restricted. Orders can only be placed or cancelled during the trading hours of the Platform.

3.7 “Untrusted” and suspended markets

3.7.1 A market becomes “untrusted” in the event that the bid and ask prices of a Currency Pair quoted on the Platform widen beyond a ‘trusted’ range. Where this is the case, DSX will disable trading. The Platform may also from time to time suspend trading of a currency including Cryptocurrency or Currency Pair. These measures are in place with the aim of maintaining an orderly trading market. So, in circumstances where the market is “untrusted” or suspended:

- (a) DSX reserve the right not to accept any new Orders;
- (b) Limit Orders already on the order book will remain on the order book and cannot be cancelled or amended.

3.7.2 A Market Order placed before the price widens beyond a trusted range could be partially filled with the remaining quantity being cancelled if the price widens whilst the Platform attempts to execute the full quantity of the Order.

3.8 Inverted Markets

3.8.1 An inverted market is where the Platform ask price is lower than the Platform bid price. On the Platform, this is not possible and trades will take place at the bid price or higher.

3.9 Sufficient resources to cover the funding required for your Order

3.9.1 You must normally have sufficient resources in your account to cover the Funding Required to support an Order you wish to place. To find out how DSX calculates your available resources see the Trading Services Terms.

3.10 Cancellation and Amendment

3.10.1 Subject to paragraphs 3.6 and 3.7 of this Schedule C DSX Trading Manual, you may cancel or amend any part of your Order so long as the corresponding part of the Back to Back Order that relates to the part of the Order you wish to cancel or amend has not been matched or filled on the Platform or using a third party price source. You may not cancel or amend your Order after that time.

3.10.2 You will be bound by any Spot Transaction that is closed on your Account following the Back to Back Order being matched or filled, save for in the case of a Manifest Error.

Types of Order

3.11 Market Orders

3.11.1 A market order executes all or part of your Order at the price available on the Platform order book at the time which the Back to Back Order is placed for the quantity you wish to buy or sell (**Market Order**). Your execution price may be better or worse than the price quoted on the Platform at the time the Market Order was placed depending on the liquidity available on the Platform and the size of your Order.

3.11.2 Market Orders are Immediate or Cancel (**IOC**). IOC means that if there is insufficient size on the order book to transact your Order in full, the remaining balance will be cancelled once all available liquidity has been taken.

3.11.3 Market Orders are typically used when certainty of execution is a priority over price, although their success is dependent on available liquidity.

3.12 Limit Orders

3.12.1 This is an Order to execute a trade at a specific price that is equal to or better than the current quote on the Platform (**Limit Order**).

3.12.2 Limit Orders show on the Platform order book. They appear on the order book for the price you specified and will be matched or filled when your price is reached and sufficient liquidity available.

3.12.3 Limit Orders can only be placed, amended or cancelled during the Platform's trading hours. In addition, where a market is "untrusted" or suspended, DSX will not accept any new Limit Orders and any Limit Orders already on the order book will remain on the order book and cannot be cancelled or amended.

3.12.4 It may be the case that your Limit Order could be partially executed if there is insufficient liquidity to cover all of your Order.

3.12.5 The price at which Limit Orders can be placed is restricted but DSX might not necessarily make these limits generally known to users of the Platform in order to protect the integrity of the market and keep confidential the scope of DSX's monitoring systems. This is to prevent, amongst other things, erroneous trades from being placed on the Platform. The Platform will reject any orders that lie outside of a defined range. The range will consist of an upper and lower price limits and are through necessity constantly changing due to the volatile nature of financial markets.

3.13 Contract Note

3.13.1 Normally, the confirmations received and Spot Transaction reports available to users on the Platform shall act as a contract note. DSX may send a contract note to you confirming the details of the trades open and closed on your Account by email in addition. You will receive one contract note containing all of your trades executed on a Business Day and it will usually be made available to you on the Platform or sent to you by email on the following Business Day. If you believe that any of the details of your contract note are inaccurate you should contact DSX immediately.

3.13.2 Other than on your specific request, contract notes will be made available to you on the Platform or sent to the email address DSX hold for you, which will be the email address specified in your Account application form, unless you have notified DSX of an alternative email address, in which case it is that email address DSX shall use. DSX reserve the right to make a reasonable charge for contract notes requested to be sent to you in paper form.

3.13.3 DSX strongly recommended that you print your contract notes and retain them as part of your records. Please note that the absence of a contract note does not affect the validity of any trade.

4 Fund transfers

4.1 Paying Funds into your Account

4.1.1 You will be able to pay Funds into your Account.

- 4.1.2 DSX may ask for documentation to verify the source of where Funds are being transferred to and from. Where DSX do this, DSX will hold transfer requests until appropriate documentation has been provided and deemed acceptable.

4.2 Withdrawing Funds from your Account

- 4.2.1 You will only be able to withdraw any unencumbered Funds from your Account.
- 4.2.2 Funds can only be sent back to the account that the Funds originated from using the same method of transfer or (in relation to Cryptocurrency) to the wallet notified by you to DSX from time to time.

5 Trading conduct and market abuse

Since you will be effectively participating directly in the market by trading with DSX, you agree that you will not:

- (a) submit and have not submitted an Order to open or close a trade that contravenes any primary or secondary legislation or other law against insider dealing, market manipulation or market conduct;
- (b) trade with DSX to deliberately transfer money from one account to another by attempting to match Orders or trades with another customer through collusion;
- (c) submit any Order that is artificial or fictitious or place an Order that is designed to give the market a false or misleading impression as to the supply or demand, value or price of a currency;
- (d) act or engage in any conduct which is likely to damage the fairness, integrity, proper functioning or orderliness of the Platform.
